Map of Santorini

Santorini greece map. Beatifull santorini island map with all destinations.

Santorini is a small group of volcanic islands about 200 km off the Greek mainland, as part of the Cyclades cluster. It features unparalleled physical beauty, with a massive caldera surrounded by high cliffs on each side and an island prominently at its center. With a colorful ancient history, the island is sometimes attributed to be the home of the lost civilization of Atlantis.

It is famous for its dramatic sunsets, fantastic views, and its very own active volcano.

Santorini has its own airport, with regular flights lasting around 30 minutes from and to Athens, as well as a few other European towns. You may also arrive via the port of Achinios through ferries from Piraeus and Crete. From there, you can use our Santorini map as guide to find your way through its glorious islands.

Let our map of the islands help you find the accommodation you need anywhere from Oia to Akrotiri, even at Thirassia, a big island off the mainland.

Wherever you decide to stay, make sure to make a visit to its active volcano. Regular boat excursions to the volcano island are available and it is a definite highlight to any trip. Check our Santorini map and see how best to get to the caldera bay, where the volcano currently sits as a popular tourist stop.

If you wish to get a feel of native Santorini life, make sure to stop by at Thirassia to pay a visit to the small villages and appreciate the architecture of its buildings and churches. In the main island, there is so much to enjoy and our map of the island is guaranteed to help you make the most of your stay.

Want to experience the spectacular sunset that many say is the best in the world? Check our map and head on over to Oia, where you can find the best view during nightfall. How about the area's vaunted nightlife? Find the best places to party in every town with our helpful guide map.

Santorini is one of the most beautiful places you can visit. With the stunning sights and lively nightlife, it is one experience to truly savor and enjoy.

The Maps are curently in development so we can have a detailed quality and colorfull map for every place in Greece. Please check back soon.
