

Paros map

Map of Paros, find what you seek.

Paros, the second largest island of the Cyclades cluster, is a popular destination for many tourists. A central island in the group, it is a stop for many ferries that leave Piraeus. It is characterized by its stunning beaches and charming villages.

Planning ahead for your lodging is a must in Paros, where room hawkers await arriving tourists like lions pouncing on a deer. Use our Paros map to trace your way through the accommodations you desire and make arrangements beforehand to ensure the best experience for you and your companions.

The ferry docks in the port of Parakia, the island's main town. Nightlife is the main reason one would stay in the area, with countless clubs and bars in its busy streets. Another are the largely untouched alleys of the old town, providing rich insight into the history and culture of the biggest town in the Cyclades. Let our map of Paros help you find your way through the town's streets and, if you so wish, out of there to neighboring towns with the glorious beaches and enticing sights.

Naoussa, once a quaint fishing village, is now a cosmopolitan travel destination in the island, often referred to as a mini-Mykonos. The city offers a smattering of cafes, restaurants, bars and clubs and is considered the central party district of the island.

Many of the Paros' beaches are blessed with turquoise water and beautiful bays. Windsurfing and kite surfing are popular in the area and are regular activities for many visitors. The island plays host to international windsurfing tournaments as well. Some beaches, like Parosporos, even feature big waves, attracting numerous surfers. Let our Paros map help you find your way along the long coastline as you discover your favorite beaches in the island.

Among the notable places to visit include the Aqua Park, the 17th century church of Panagia Ekatantapilian, and the Windmill Bar where you can watch the famous Cycladic sunset while you sip comfortably on cocktails.

The Maps are currently in development so we can have a detailed quality and colorful map for every place in Greece. Please check back soon.
